

Lets talk about ...

SUSTAINABLE COMMUNITIES

The West Wight Mission Community of churches would like to invite you to the first of a series of community 'get togethers' where we can consider how we might respond, both individually and collectively, to create 'sustainable communities'.

The objective? To seek a positive response to the climate emergency so creating a more sustainable world—starting in our own back yard! Can we be more joined up in our thinking? Are there things we can do more effectively together?

MONDAY 20th SEPTEMBER 7.00PM

St Mary the Virgin Church, Brighstone

GUEST SPEAKER—REV'D HILARY BOND

A member of the third order of Franciscans and working as a Schools and Children's Worker, Rev'd Hilary lives in a rural Dorset community and is passionate about developing people's understanding of climate change and its associated impacts. As well as speaking and teaching on the subject, Rev'd Hilary has been actively engaged as part of Christian Climate Action and is also a local A Rocha rep. As well as telling her story, Rev'd Hilary will explore how we respond as Christians and as individuals. There will be time for discussion and agreeing on what our next steps might be as individuals and as communities.

ALL WELCOME
